

## **Product overview**

Batteries for Marine and Leisure

## **Equipment Li-Ion EV1250S**

| Part number                    | EV1250S       | Polarity                            |
|--------------------------------|---------------|-------------------------------------|
| Technology                     | Li-Ion        | ×                                   |
| EAN/GTIN                       | 3661024038027 | Terminal Type                       |
| Voltage                        | 12 V          |                                     |
| Capacity                       | 96.0 Ah       | 17                                  |
| Watt hour                      | 1250 Wh       |                                     |
| Length                         | 355 mm        | Ø19.5 Ø179                          |
| Width                          | 176 mm        |                                     |
| Height                         | 190 mm        |                                     |
| Box size                       | L05           |                                     |
| Polarity                       | ETN 0         | Positive Terminal Negative Terminal |
| Terminal Type                  | EN taper post | Hold Down                           |
| Hold Down                      | B13           | 5 notches                           |
| Weights (subject of variation) | 12.60 kg      |                                     |
